How to compute reimbursement which employer is entitled to claim?

17. Subject to the CDC Act and Regulations, the reimbursement⁴ for maternity leave payments will be calculated as follows:-

a) Maternity Leave taken in a continuous block

For first and second child order:

$$\frac{(\text{MGP} + \text{ECPF}) \times 12 \times (\text{N} - 56 \text{days})}{365 \text{ days}}$$

For third and subsequent child order:

$$\frac{(\text{MGP} + \text{ECPF}) \times 12 \times \text{N}}{365 \text{ days}}$$

Where:

MGP is the monthly gross rate of pay of the female employee in respect of whom the claim is made;

ECPF is the contribution which an employer is liable to make to the Central Provident Fund under the Central Provident Fund Act (Cap. 36) in respect of that female employee and which is not recoverable from the monthly wages of that female employee;

N is the total number of **calendar days (i.e. Inclusive of rest days, non-working days and holidays)** on which the female employee absented herself from work.

b) Maternity leave not taken in a continuous block:

For first and second child order:

$$\frac{(\text{MGP} + \text{ECPF}) \times 12 \times (\text{B}-\text{C})}{\text{A} \times 52 \text{ weeks}}$$

For third and subsequent child order:

$$\frac{(\text{MGP} + \text{ECPF}) \times 12 \times \text{B}}{\text{A} \times 52 \text{ weeks}}$$

Where

MGP is the monthly gross rate of pay of the female employee in respect of whom the claim is made;

ECPF is the contribution which an employer is liable to make to the Central Provident Fund under the Central Provident Fund Act (Cap. 36) in respect of that female employee and which is not recoverable from the monthly wages of that female employee;

A is the number of **working days** per week under the terms of the female employee's contract of service;

⁴ Actual reimbursement takes into consideration the CPF Contribution made by the employer for the month that the leave was taken.

B is the total number of **working days** on which the female employee absented herself from work;

C is the total number of **working days** in 8 weeks under the terms of that female employee's contract of service.

18. Section 10(2) of CDC Act states, amongst other things, that all claims for Government Paid Maternity Leave should not exceed \$10,000 for every 4 weeks or 24 days, as the case may be. Therefore, claims which exceed this \$10,000 limit will be capped accordingly when reimbursement is made, based on a per day cap⁵.
